

“A co-learning programme on gender-transformative parenting programmes”

PREVENTIONCOLLABORATIVE

CLUSTER PROGRAMME

OUR AIM IS TO STRENGTHEN ORGANISATIONS' CAPACITY

to design and implement effective
gender-transformative parenting
programmes through a collaborative
learning setting.

By the end of the Cluster Programme your organisation will:

01

Enhance understanding
of the fundamentals of
preventing violence against
women and their children
jointly.

02

Enhance understanding on how
parenting programmes can be
used to promote gender equity
in the household and prevent
violence against children and
women in the family.

03

Develop and strengthen
networks with other
like minded parenting
partners.

WHAT DOES THE CLUSTER PROGRAMME LOOK LIKE?

The programme matches and brings together

4 to 6
organisations

with similar interests in enhancing their parenting programmes to be gender transformative

For
6 MONTHS
8 HOURS/MONTH
of shared learning, mentoring and reflection

3

examples of support

Foster a shared understanding of the importance of parenting programmes as a strategy to prevent violence against women and children.

Support partners acquire a deeper understanding of the successful elements in parenting programmes addressing VAW/C effectively.

Encourage reflection on past experiences to identify successful approaches and areas for improvement in addressing VAC and VAW through parenting programmes.

THIS PROGRAMME IS FOR ANY ORGANISATION WORKING IN THE PARENTING FIELD

And organisations interested in co-learning how their programmes can be utilised to promote gender equality in the home and prevent family violence.

SUITABLE ORGANISATIONS WILL BE:

- ▶ Operating for at least two years and are registered in the country.
- ▶ Dedicated to organisational learning, including at the senior management level.
- ▶ Committed to consistent engagement for the duration of six months, approximately eight hours/month.
- ▶ Willing to engage in open and honest communication.
- ▶ Based in Africa and/or Asia-Pacific regions.
- ▶ Proficient in English.
- ▶ Have sufficient access to computers and internet access to participate in virtual sessions and access online resources.

PARTICIPATING ORGANISATIONS WILL:

- ▶ Engage in virtual learning, both self-paced and facilitated to explore VAW/VAC prevention concepts, evidence and strategies.
- ▶ Meet with a prevention mentor to apply learning to specific organisational opportunities and challenges.
- ▶ Share experiences and learn from like-minded organisations.
- ▶ Develop a concrete plan for how you will strengthen your programmes to make them gender-transformative.
- ▶ Access learning materials from the Collaborative's Knowledge Hub.

LEARNING WITH THE COLLABORATIVE

LEARNING LAB

Is designed for individuals wanting to strengthen their skills and knowledge in various areas of VAW/VAC prevention. It combines a variety of learning modalities, including self-paced and facilitated courses.

CLUSTER PROGRAMME

Brings together four to six organisations from different parts of the world. Organisations share experiences and learn from prevention mentors about the essentials, key elements of success, and programme strategies. Largely virtual (with some in-person meetings where possible), the Cluster Programme is best for organisations that are interested in exploring the evidence, learning from others' experience, and reflecting on their next steps in VAW/VAC prevention.

ACCOMPANIMENT

Matches a learning partner with a prevention mentor, who together embark on an 18- to 24-month journey of shared learning and working together to achieve mutually agreed-upon outcomes. This involves in-person meetings, virtual mentoring, and ongoing collaboration, and it is best for organisations that have some experience in VAW/VAC prevention and have a specific issue they are trying to address.

STRATEGIC ADVISORY SERVICES

Are for organisations that are seeking to apply the Collaborative's VAW/VAC prevention expertise to a specific task or programme. Managed as a consultancy, this is best for organisations that have funding to produce a specific product or require specific services aligned with the Collaborative's mission.
