

OPEN CALL: REGIONAL CLUSTER PROGRAMME FOR VIOLENCE PREVENTION

*We know that the prevention of violence is possible!
Join us in co-learning and thinking through how we extend this possibility in your country and region!*

At Prevention Collaborative, we are committed to supporting organisations in strengthening their capacity to develop and implement effective Violence Against Women (VAW) programmes through a collaborative and shared reflection, learning and mentoring setting. We aim to bring together two to four organisations in each of the African and Asian regions that share similar interests in VAW prevention to join our next Cluster Programmes.
